Enthusiastic and skilled Data Analyst with internship experience at Rankofy.In, specializing in data analysis, visualization, and ETL processes. Proficient in Python, SQL, Power BI, and Excel, with a strong focus on improving data quality and generating actionable business insights. Seeking a Junior Data Analyst role to apply my expertise in analyzing large datasets, optimizing data processes, and supporting strategic decision-making to drive operational efficiency and growth within a forward-thinking organization.

Experience

JAN 2024 – JULY 2024

Data Analyst Intern | Rankofy.In | Chandigarh

At Rankofy.In, I leveraged my expertise in data analysis, visualization, and ETL processes to transform large datasets into actionable business insights. I utilized Python, SQL, and Power BI to identify trends, optimize data handling, and develop data quality control measures that ensured data accuracy and reliability. My role involved creating interactive dashboards and reports that supported strategic decision-making, contributing to enhanced operational efficiency. By focusing on data modeling and cleansing, I played a key role in improving data processes and delivering valuable insights that informed business strategies.

Skills
